

# Summer Reading Lists

## 2009

Dear Parents,

The following books are suggested to keep your kids reading all summer long! They represent various authors, topics and reading levels. As always, please assist your child in choosing books that are appropriate for him/her. Not every book is right for every reader. Grade levels serve as a guideline only. Please continue to read TO your child regardless of age. Have a great summer. We look forward to serving you in the fall.

~The CCA Library Media Team
